

Environmental Statement

The company recognises its environmental duties under the Environmental Protection Act 1990 and the Waste (England and Wales) (Amendment) Regulations 2012, codes of practice and statutory regulations affecting its activities, to develop and implement industries best practice. The Managing Director (Mr A Green) recognises that he has the responsibility to take an environmental, and socially, responsible approach both to existing activities and to possible new developments.

The company, so far as is reasonably practical proposes to pay particular attention to:-

- 1) Provide a framework for setting and reviewing environmental targets and objectives.
- 2) Committing adequate financial and physical resources.
- 3) Outlining an effective basis for communication and set the of values and beliefs.
- 4) Continuous improvement in environmental performance.
- 5) Following the waste management hierarchy as outlined in the Waste (England and Wales) (Amendment) Regulations 2012. The company will follow the hierarchy outlined below.
 - A) Prevention.
 - B) Preparing for re-use.
 - C) Recycling.
 - D) Recovery.
 - E) Disposal.

The company will also strive to :-

- 1) Minimise impact to the local and global environment and to the local communities and wildlife.
- 2) Minimise use of energy and raw materials and to adhere to the principles of sustainability.
- 3) Consider the environment in the design of processes and products and the maintenance of equipment.
- 4) Provide information on the use and final disposal of products.
- 5) Ensure that all employees and suppliers are adequately informed about the Companies policy.
- 6) Minimise the use of product related materials and services such a packaging and transport.

In order the the Company can achieve these objectives, it is important that employees recognise their duty whilst at work to take reasonable care of the environment. Employees should also co-operate fully with Company or anyone else concerned to ensure that their obligations are performed or complied with.

The company will base its policy on ISO1400 standards and review its environmental policy on a yearly basis to improve its performance.
